Our Services

Our Bouquet of Services blooms with:

Website Design & Development- For us, website designing is not just about creating an online presence. It is about creating a face of your company. Our web-based services include content generation, website designing and development, blogs, web campaigns and SEO.

Search Engine Optimization- We believe that each brand needs a customized SEO strategy, which is analyzed and designed by our experts. Ensuring boosted visibility and high-quality leads, we take care of the smallest optimization requirement.

Pay Per Clicks and Display Ads- Using cutting-edge holistic tools, we know the art of converting potential customers into prospects and simultaneously retaining the existing clients through effective communication.

Content Writing- From writing content to optimizing and marketing it, we know the secret mantra of how your content hits the right chord.

Social Media Marketing- Our expert team of social butterflies is capable of creating social media campaigns that target the right audience and leads to building brand awareness and brand engagement.

Graphic Designing- We make Marketing Collaterals- brochures, leaflets, annual reports, posters, banners, standees, emailers, newsletters, screensavers, wallpapers and GIF that are your biggest advertising assets.

Brand Consultation- We give you an end-to-end package for Brand Consultation. We don't make Brands, we Build them!

Outdoor Advertising- Clubbing innovation and technology has brought Mindwave Media in the list of top Outdoor Advertising Agencies in India. We make advertisements lively and human on billboards, kiosks, signages and hoardings.

Rural Activation- We have cracked the formula of reaching the rural audience with our creativity and talent. Also, we possess a very unique property, the Audiowala Bus Stand that helps us in Rural Activation. Present in 7 major states and across 200 cities, the Audiowala Bus Stand is the largest Audiovisual Network that gives an invaluable experience to the brands out there. The best part about our Rural Activation is we have the talent to communicate in the native language.

BTL Marketing- Mindwave Media is one of the best and innovative BTL Marketing Company in India. We take your brand/ product or service to the place where your consumers are present. Being an old BTL Marketing Company with a new outlook, we are into using the traditional idea of displaying products, but with a dash of technology.

Experiential Marketing- We are specialized in taking your brand experience to your audience at trade shows, exhibitions, society promotions, stores, and other public arenas. Our job is to conceptualize ideas for exclusive experiential marketing activities, design and implement the events, and also take care of the relevant fabrication.

CSR Consultation- We consult SMEs and Corporates to make a difference to the society. We leverage current concerns to reinforce good practices through brands.
